Introduction

California Crosspoint Academy (CCA) began in Oakland, California over forty years ago and since has relocated to Hayward. In the last 10 years, CCA has re-established itself as a Pre-K through high school program. California Crosspoint High School (CCHS) has been accredited since 2001 by the Western Association of Schools and Colleges and the Association of Christian Schools International. In 2019, the provision of distance education was added to CCHS' accreditation and accredited by Cognia.

China Partner Schools

California Crosspoint High School is working with partner schools in Shanghai and Suzhou China, to establish programs where Chinese national students follow an American high school course of study and curriculum taught by teachers trained in Western teaching methodologies. Students attend CCA in Hayward, California, for the senior year before graduation and enrolling in an American college or university. The Class of 2026 marks the eighth year of our partnership with Suzhou.
